EC04: Making Peterborough Cleaner & Greener

NI 196 – Improved Street and Environmental Cleanliness – Fly Tipping

NI 196 – Improved Street and Environmental Cleanliness – Fly Tipping

1. The indicator measures a local authority's performance based on a combination of calculating its year on year change in incidents of fly-tipping dealt with, compared with its year on year changes in enforcement actions against fly-tipping
2. Good performance is indicated by a decrease in incident numbers in and an increase in enforcement action

This means less fly-tipping and more enforcement = achieving a rating of “very effective” as against Effective/Not Effective/Poor

NI 196 – Improved Street and Environmental Cleanliness – Fly Tipping

LAA Targets

2008/09 – “effective”

This was achieved

2009/10 – “very effective”

currently we will not achieve and
on current assessments only likely to
obtain “Not Effective”

Any Questions

If we reduce Fly-Tipping
By 25% we can reach “Very Effective” without any increase
in enforcement – already started?

This is a local authority issue

But

Everybody's problem
